English, French and Spanish only**Committee on the Rights of the Child****List of issues prior to submission of the sixth periodic report of New Zealand***

1. The State party is requested to submit in writing the information requested below (21,200 words maximum), if possible before 30 June 2021. The replies should take into consideration the Committee's recommendations contained in its concluding observations (CRC/C/NZL/CO/5) adopted on 30 September 2016. The Committee may take up all aspects of children's rights set out in the Convention and its Optional Protocols during the dialogue with the State party.

I. New developments

2. The Committee requests the State party to provide:

(a) Information on the adoption or reform of laws, policies and programmes, and any other measures taken, including the creation or reform of institutions, significant for the implementation of the Convention, its Optional Protocol on the involvement of children in armed conflict and its Optional Protocol on the sale of children, child prostitution and child pornography;

(b) Information, as appropriate, on measures taken to ensure the protection of the rights of children in the context of the COVID-19 pandemic, and to mitigate the adverse impacts of the pandemic, in view of the Committee's COVID-19 statement of 8 April 2020;

(c) Any other information that the State party considers relevant in this regard and that is not covered in the replies to the questions below, including information on obstacles and challenges faced.

3. The Committee also requests the State party to provide information on how the planning, implementation, monitoring and evaluation of measures for achieving the Sustainable Development Goals integrate a child rights-based approach, including with regard to child participation and data collection, and how such measures promote the realization of children's rights under the Convention and its Optional Protocols.

II. Rights under the Convention and its Optional Protocols**A. General measures of implementation (arts. 4, 42 and 44 (6))****Reservations, legislation, policy and strategy**

4. Please provide information about:

* Adopted by the pre-sessional working group intersessionally on 6 July 2020.

(b) Investigations conducted into incidents of violence, including sexual abuse, and abuse of children, including in State care, the prosecutions carried out and sentences delivered, and the protection and redress provided to child victims;

(c) Availability and use by children of child-friendly reporting channels, physical and psychological recovery and health services, including mental health services;

(d) Development of a comprehensive strategy to combat child abuse, including sexual abuse, and neglect, in all settings, with particular attention to Maori and Pasifika children and children with disabilities, and measures to involve children in the development of the strategy;

(e) Carrying out of a study on the extent, causes and nature of violence against children;

(f) Establishment of a national database on all cases of violence, including sexual abuse, against children in all settings;

(g) Results of the Vulnerable Children's Plan, the Violence Intervention Programme and the National Child Protection Alert System in preventing and addressing child abuse and neglect, and other policies and programmes against child abuse and neglect.

(h) Allocation of sufficient human, technical and financial resources to front-line services to respond appropriately to cases of child abuse.

Harmful practices

17. Please provide information on the measures taken to:

(a) Stop child marriages, and to raise awareness of the negative effects of such marriages on the physical and mental health and well-being of children, especially girls, with a view to ending this harmful practice;

(b) Develop and implement a rights-based health-care protocol for intersex children to ensure that no child is subjected to unnecessary surgery or treatment, that the child's free, prior and informed consent is obtained for necessary interventions; and to

educate medical and psychological professionals on the negative consequences of unnecessary medical interventions on intersex children.

E. Family environment and alternative care (arts. 5, 9–11, 18 (1) and (2), 20, 21, 25 and 27 (4))

Family environment

18. Please inform the Committee about the measures taken to provide support to parents and caregivers in the performance of their child-rearing responsibilities, including counselling, services for the treatment of alcohol or drug-related problems and, in the case of Maori and Pasifika populations, culturally appropriate services.

Children deprived of a family environment

19. Please also provide information about:

(a) How the best interests of the child and children's views were taken into account in the reform of the care system, and the impact of the reform on children's outcomes, particularly Maori children and children with disabilities;

(b) The implementation of the recommendations of the Children's Commissioner's 2015 report entitled "State of Care", with a view to addressing the overrepresentation of Maori children in State care, including babies;

(c) The measures taken to improve the data collection on children's outcomes, including regarding education, health and well-being, while they are in care and after they leave care, and any reports on outcomes that have been produced;

(d) The outsourcing of State care to private care service providers, the applicable regulations and monitoring mechanisms;

(e) The timeline to phase-out residences and place children in families and small community-based options.

Adoption

20. Please inform the Committee on the measures taken to amend the adoption legislation with the view to aligning it with the Convention, including the rights to non-discrimination, best interests, to be heard and preserve identity.

F. Children with disabilities (art. 23)

21. Please provide information about:
