Stop the seige! Stop the War

The situation in Gaza has reached disaster levels – widespread hunger and unemployment, and schools and health services closed.

The problem is the seige of the Gaza Strip by Israel and the sanctions imposed by the international community.

The community of peace organisations in Israel including the 9 member organisations of Women for Peace have called for an end to the seige and for Israel to negotiate with the Palestinians. They have organised a month of protest and called for demonstrations all over the world on December 2nd.
